Announcements.

ED. REPUBLICAN: Please announce the name of D. S. KNOX, of Tionesta, as an Independent candidate for Assembly.

We are authorized to announce the name of DANIEL BARRINGTON, of Kingsley, as an Independent candidate for Assembly. If elected he promises to represent the whole people, and not any party or faction.

Democracy charges the Republican party with trying to revive the "dead issues" of the past. When these dead issues come to us in the shape of murdered Republicans, whose only crime was the color of their skin, or loyalty to the Government that gave them freedom and citizenship, we have a right to deal with them, and to insist that freedom of opinion, protection of life, liberty, and property, the restoration of law, order, and security throughout the land—though dead issues in the sight of Democracy—shall not be lost sight of as among the live issues before the American people to-day. When these issues are met and settled forever; when an enlightened public sentiment and a rigid enforcement of the law shall make life, property, and freedom of opinion as secure in the Southern States as they are to-day in the North; when the shadow of Democratic repudiation shall pass away and all sections shall be eager to maintain the credit of the nation as one of the trusts of the past; when danger no longer threatens the peace and prosperity of the country, and honesty and loyalty become the basis of party organizations, it will then be in order for Democracy to claim that the mission of the Republican party is ended. Until this happy time arrives the people must cling to the Republican party as to the rock of national safety.

—Shall we desert a true friend for a false one? is the political question to be answered at the November election. We know the record of both parties. The one has been full of honor, the other as full of dishonor. The Republican party has been true to its friends, magnanimous to its enemies, and just to the nation. It has kept its pledges and redeemed its promises, and stands to-day a true friend of the people, trusted because tried, and honored because it has never forfeited the generous confidence which brought it into power. We can safely challenge the world's history for a party that has equaled it in genuine devotion to liberty, humanity, and civilization. It has its faults, but they are few and far between, while its influence for good is more powerful than ever. To sustain such a party should be the pride of American citizens, to allow its defeat through inactivity or jealousy would be a crime against the loyal sentiment of the age. Examine the record of Democracy, its present associations, its disregard for law, order, common honesty, its undisguised hatred of everything that pertains to loyalty; and then ask yourself, is it safe to run even a remote risk of allowing this enemy of the Republic to gain control of its Government?

which John Miller salutes us, "greeting." When a man has nothing but bombast to utter, why use many words in doing it? Thus thought John, and thus he spoke. Democrats are implored to redeem the State "out of the hands of the spoilers." Let us see, the Democrats while in power in this State, created \$40,000,000 debt. The Republicans have reduced this debt nearly \$25,000,000. Who is the "spoiler"—the Democratic or Republican party? The former, we should say. Doubtless this is exactly what John means,—and we endorse him, with this interpretation upon his words. Let us, Democrats and Republicans join, and defeat every Democratic candidate for office! "Laborers, toilers," says John, who seems to forget in his enthusiasm that a laborer is a toiler,—"merchants, business men," still tautologically says John, "the time of your deliverance has come." John is correct, in fact, but slightly out in his dates. The day of deliverance came in 1860,—and is still here. "Free, honest, fair elections," are what John promises. What on earth has become of Wallace's coffee-pot parchments, and little arrangements of that nature for promoting "free and fair elections?" Oh! John, you promise too much,—and in your exuberance we fear the people will fail to trust you. They prefer to leave well enough alone.—Pittsburgh Gazette.

Steam Washer, or, Woman's Friend. For such it is in fact. I have advertised it in nearly every Religious Newspaper in the United States and Canada, also in the leading Secular papers, using double-column advertisements. The readers of this paper may remember seeing my card in the various papers of the county during the past year. Extracts from letters received from my customers, in another column, will indicate how it has been received by the people throughout the country. 300,000 Have been sold already. It is sufficient for my purpose to say that I am satisfied that nothing heretofore advertised ever rendered so general satisfaction. Yet this, my first invention, was not quite perfect, and for the last two years I have applied myself to the study of constructing and perfecting a NEW STEAM WASHER. And as the result of my efforts I feel every assurance that I have been entirely successful. My new Steam Washer, patented in 1873, is absolutely faultless; so much so that I never knew a single person who had seen it work, fail to be delighted with it. It has rendered, thus far, perfect and Universal satisfaction, and such must be the result, for it works like a wonder—never failing to do all claimed for it. In conclusion, let me say, that should any one say that he has seen a Steam Washer, ask him if he has seen the new Steam

IMPORTANT ANNOUNCEMENT. In 1871 I invented and secured letters-patent for an Improvement in Wash Boilers. A simple arrangement by which steam was applied to the washing of clothing. I have heretofore sold this under the name of

WASHER. Of 1873, now being advertised so extensively in whole and double-page advertisements. If he answers in the negative, request him to suspend judgment until a sample can be procured and fully tested. I will send one as

A SAMPLE FOR \$5. —Just half the retail price,—and I fully warrant it. After a person buys a sample he can get them of me at cost.

\$60 Profit can be Made on a Single Dozen. And I have known agents to take orders for

A DOZEN IN AN HOUR. There is no way to make money faster. Send for a sample and secure your territory. Make money while you can. Reader, please calculate the cost of my two page advertisement in the "CHRISTIAN UNION." It consists of 1,450 times at regular rates amounted to

\$1,750 Each Insertion. I repeated this "Card" four times because my first insertion (Oct. 8) paid me 500 PER CENT. During the last eighteen months I have inserted my advertisement, occupying one to two pages, in HUNDREDS OF 1st-CLASS PAPERS. All of which paid well for the outlay; but the "Christian Union" (the largest circulation of any religious newspaper in the world) pays me better than any, and the

INTER-OCEAN PAYS BETTER THAN Any Other Secular Paper. I mention this fact, for all can see how extensively I advertise my invention; and taking into consideration the fact that I sell it entirely on its merits, and must concede that it sells well, for no article will sell well enough to pay for so expensive advertising without real merits. If I got a sample introduced into a neighborhood it often sells

AN HUNDRED MORE. Such a splendid chance to make money selling this invention may never occur again. On the receipt of Five Dollars, I will ship you a complete Washer as a sample, copy of the chrono, together with a Certificate of Agency, with full instructions how to conduct the business. And upon the receipt of the Washer you may have time to test it, and if you find it not as represented I will refund your money. The Washer retails at \$10. After I send you a sample I will hold your county a reasonable time for you to decide whether you wish to purchase or not. I will furnish blank deeds, also blanks for taking orders, and will do all I can to enable you to succeed in the business. Let no man from you, or your choice of territory may be taken by some one else. Address,
